### CYCLIST ADMITS SPEEDING.

Ed. Schneider Pleads Guilty in Court of Justice Fisher.

Arrested last evening on the charge of driving his motorcycle at an excessive speed on Eighth street Sunday evening, Ed. Schneider was arraigned before Justice Fisher and entered a plea of guilty as charged. A fine of \$10 and costs was levied by the court and up to this morning had not been paid.

Schneider's infraction of the law occurred at about the same time the motorcycleists of Calumet and the copper country were in session in the Red Jacket council chamber, to form an organization, one of whose aims will be to check speeding.

The officers of Calumet and the copper country district are making a determined effort to check excessive speeding.

### H. S. CONFERENCE CAMP.

George Westerman of Calumet Made Leader. Boys May Attend.

George Westerman, upper peninsula secretary of the Y. M. C. A., has been chosen as one of the leaders of the state Y. M. C. A. high school boys' conference camp to be held at Torch Lake, Antrim county, June 26 to July 6. Mr. Westerman is making an effort to interest local boys in this camp, which is conducted somewhat along the same lines as the recent boys' conference at Ishpeming, although longer in duration and with its scene set for out of doors, providing a greater opportunity for camp games and activities. The camp is limited to 125 boys in the state. Mr. Westerman hopes to influence a delegation of at least ten or twelve boys to attend the camp as upper peninsula representatives.

## STUDENTS WILL HAVE BUSY WEEK

### Class Day Exercises, Commencement and Receptions

Next week will be a busy one for the students of the Calumet high school. In addition to the commencement exercises which will be held in the Calumet theater on Thursday evening, June 18, the class day exercises will be held and the annual reception of the juniors to the graduates will be held.

The class day exercises will be held on Wednesday evening, June 17. A splendid program is being prepared and these exercises will be up to the usual standard. Class day will be observed in the high school auditorium.

Thursday evening the annual commencement exercises will be held in the Calumet theater. Hon. H. O. Corbush of Cincinnati, Ohio, will be the commencement speaker. The Calumet and Hecla orchestra will also assist with the program.

On Friday evening the Junior "A" and Senior "B" classes of the high school will tender a reception in honor of the graduates in the Light Guard armory. This doubtless will be one of the most elaborate functions of its kind ever attempted here.

The annual reception of the alumni association in honor of the graduates will be conducted in the armory on Tuesday evening, June 23. This likewise will be a pleasant social gathering.

The annual ten weeks summer vacation of the schools of Calumet will begin one week from Friday. This day will also be marked by the closing exercises in the schools of Osceola and Algonquin township.

### PULL FIRE TO FIRE ENGINE.

Carload of Stuff Timber Slightly Damaged Late Yesterday.

The usual order of procedure in fighting a fire was reversed in Calumet shortly before 6 o'clock last evening. Instead of the fire engine dashing madly to the scene of the blaze, the fire was drawn to a point close to the engine, where it could more easily be combated.

A car of stuff timber being drawn to Calumet over the Copper Range road for delivery at the C. & H. mine, caught fire, possibly being ignited by a spark, when on the Copper Range spur in the Algonquin field. Naturally the timber burned slowly and the car was drawn over the track of the C. & H. to the vicinity of a hydrant in Blue Jacket, where the blaze was speedily quenched by the Calumet department which had been summoned by a telephoned alarm.

### BASS SEASON OPENS JUNE 16.

Mistaken Idea Prevails That Closed Season Ends Day Earlier.

Bass fishermen of the copper country are eagerly awaiting the opening of the season on June 16. W. R. Gates, state game and fish warden has just called attention to a mistaken impression which prevails generally throughout the state that the season for black bass opens on June 15. Deputy wardens who have called the attention of their chief to this impression have been advised to arrest and prosecute any fisherman apprehended fishing for bass on June 15, for this is the last day of the closed season. The law provides that no black bass shall be caught from Feb. 1 to June 15, inclusive. Black bass are the only kind of bass protected.

## BELIEVED U. S. AND REBELS CAN EFFECT PEACE PLAN

Continued From First Page.

likely to be satisfactory to all. They think changes in the plan of Guatemala could be made and the revolution, settled by diplomatic means but they are unwilling to run the risk of an armistice without having first discussed peace proposals among themselves. With this view the American government is more or less in sympathy, and a compromise arrangement is believed to be in sight whereby peace plans will be taken up with the Constitutionalists in channels separate from mediation.

As a result no protocol can be signed in the next fortnight, it is believed, and probably there will be a lull in the conference. Everything that has been advanced by the American delegates in their proposals for peace has been contingent upon ultimate Constitutional approval, so there is confidence in many quarters that an agreement will not be a difficult task, even if they do not join in the conference. The Constitutionalists will undoubtedly have a voice in the selection of the new provisional president, and at least two of their number would occupy principal portfolios in the new cabinet.

Bryan, after a conference with Wilson before the regular cabinet meeting, announced that both he and the president were very hopeful that the Constitutionalists would participate in the mediation negotiations at Niagara Falls.
